Nothing but pure natural enjoyment... A relief for naturists.

Come and have a look around; there are unlimited possibilities at Flevo-Natuur. You are at the right address for naturist recreation; for a day, a weekend, the summer holidays, or the whole year. You can visit Flevo-Natuur all year round.

Introducing our park

Flevo-Natuur is a park for naturists, situated in more than 32 hectares of beautiful surroundings rich in woods and water; in the Hulkensteinse woods and near lakes (the Randmeren). Flevo-Natuur is one of the largest public naturist sites in Western Europe. You can camp here with a tent, a caravan, or a camper. You can hire or even buy a caravan holiday home or a bungalow. If you do so, you can then holiday 365 days a year.

We have a wonderful subtropical indoor swimming pool with a sauna cabin, and during the summer months our outside swimming pool is also open. This is one of the reasons why people often chose to come for a day's recreation. They enjoy a swim or a game of tennis then go home again in the evening. In other words, it is the perfect opportunity to get to know naturism, free of obligations.

GENERAL INFORMATION

FACILITIES

You will find various facilities in the park which will make your holiday go smoothly. The park has a subtropical swimming pool with a sauna, and the outdoor swimming pool is open in summer. There is also a restaurant with a sun terrace where you can enjoy a good meal in attractive surroundings. Besides this, the park has a supermarket, a snack bar, tennis courts, cycle hire and much more. All these facilities are nearly always open daily, all year round.

During the holidays, our recreation team also present fantastic events - body painting and circus performances for example.

For your convenience, a so-called Sep-key is used when you drive in and out of the camping (loading and unloading), use the showers, the washing machines, or remove your refuse. The Sep-key is a handy key to which you can load money. This means it is no longer necessary to wander around with small change at the ready. As you can pay with a switch card in the Shop, the Restaurant and Café, and in the Snack Corner, you can leave your money at home.

Please see our website for further information about our facilities and our recreation programme.

SURROUNDINGS

The surroundings of Flevo-Natuur are suitable for long cycle rides and walks. We have organised bike rides and rambles, but you can also just go and enjoy yourself in the large Hulkesteitse woods or along the borders of the lakes without having planned anything. It is quite possible that during your walk or cycle ride you will come eye to eye with game such as deer, wild boar, or even a fox. The Laakse beach, which is specially meant for naturist visitors, is a stone's throw away.

Zeewolde (15 kilometres), has delightful outdoor cafés in the harbour, great shops, and extensive water sport facilities.

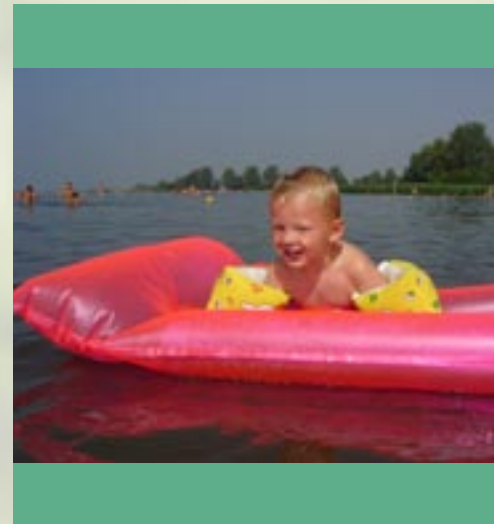

Nijkerk (10 kilometres) has a weekly market (Friday afternoon).

It is also worthwhile visiting the steam-driven pumping station, the marina, or a cheese farm.

Harderwijk (25 kilometre) has old historic streets. The Marktplein (Market Square) with all its outdoor cafés is very enjoyable. There is also a boulevard with great restaurants and an eel smokehouse. Harderwijk also has a well-known sauna called De zwaluwhoeve and of course, the Dolphinarium.

Amersfoort (20 kilometres) has a beautiful zoo and in addition to the great number of shops you can also go for a canal cruise or a guided town walk.

CAMPING

Flevo-Natuur also has many camping pitches. There are shady or sunny camp fields, fields with ponds, or on the verge of the woods. Most camping pitches are very spaciouly planned and have their own mains and cable television. There are two luxury sanitary facilities with showers, baby rooms, and children's showers. In colder months the sanitary facilities are heated. Pets are allowed, but there are restrictions.
